

IMPAIRED DRIVING

Activity: Poster Time!

Objectives:

- Raise awareness about impaired driving
- Allow youth to express their understanding of the facts surrounding impaired driving using their creativity

Goal:

To create a visual illustration representing the severity of the problems caused by impaired driving in Canada.

Materials :

- Markers, colouring crayons or paint
- Cardboard, drawing paper, construction paper or boxes
- Glue, adhesive tape or string

Process:

(1)Deal.org presentation on impaired driving

- It is important that students be aware of the facts and problems caused by impaired driving. We suggest introducing the topic with our presentation on impaired driving.

(2)Present the activity

- Now that students have some background information about the facts and statistics of the harm caused by impaired driving, it is time to present them the activity.
- Briefly discuss the information covered in the presentation in order to ensure that students have a general understanding of the facts.
